

POWERLOCK®

PowerLock® CTL-100

The PowerLock® CTL-100 SCM is one of the strongest container/trailer locks in the market. Heavy cast iron and its bright yellow colour deters and discourages any opportunistic thief and prevents unauthorised entry of your container- or trailer. This container- and trailerlock is suitable for padlocks with a width of 70mm.

Features & Benefits

- Suitable for TAPA/ TSR Certification
- Suitable for padlocks with 70mm diameter
- Heavy Duty containerlock
- Surface treatment: Electrolytically Galvanized and powder coated
- Dimensions: 450x110x120 mm (LxWxH)
- Adjustable length from 460 mm to 230 mm
- Weight: 7.8 kg

PL-700 Padlock

The PowerLock® PL-700 padlock is highly durable, sustaining tests such as acetic acid salt-spray, ensuring that it can withstand the elements when used in exposed locations. The PL-700 has superior physical strength which ensures maximum resistance against attacks.

Further security is provided by hardened stainless steel balls locking the boron-shackle on both sides.
